BBSI Reports Strong Second Quarter 2023 Financial Results and Announces New \$75 Million Stock Repurchase Program

- Q2 2023 Net Income of \$17.0 Million, or \$2.47 per Diluted Share -

VANCOUVER, Washington, August 2, 2023 – Barrett Business Services, Inc. (“BBSI” or the “Company”) (NASDAQ: BBSI), a leading provider of business management solutions, reported financial results for the second quarter ended June 30, 2023.

Second Quarter 2023 Financial Summary vs. Year-Ago Quarter

- Revenues up 1% to \$264.6 million.
- Gross billings up 5% to \$1.91 billion.
- Average worksite employees (“WSEs”) up 2%.
- Net income of \$17.0 million, or \$2.47 per diluted share, compared to \$18.0 million, or \$2.48 per diluted share.

“In the second quarter, we continued to exceed expectations by adding net new clients and expanding benefits sales,” said BBSI President and CEO, Gary Kramer. “These positive results in our controllable growth have helped offset slower client hiring in the quarter as small businesses remained cautious. We are pleased with the ongoing ramp of our BBSI Benefits offering as we have continued to broaden our client base, and our profitability metrics continue to exceed our internal expectations. I am also pleased that our board has authorized a new \$75 million stock repurchase program, which speaks to the strength of our operations, the durability of our cash flows and our long-term optimism.”

Second Quarter 2023 Financial Results

Revenues in the second quarter of 2023 increased 1% to \$264.6 million compared to \$262.2 million in the second quarter of 2022.

Total gross billings in the second quarter of 2023 increased 5% to \$1.91 billion compared to \$1.83 billion in the same year-ago quarter (see “Key Performance Metrics” below). The increase was driven by WSEs from net client additions and higher average billings per WSE, offset in part by net client hiring.

Workers’ compensation expense as a percent of gross billings was 2.6% in the second quarter of 2023 and benefited from favorable prior year liability and premium adjustments of \$6.3 million. This compares to 2.5% in the second quarter of 2022, which included favorable prior year liability and premium adjustments of \$8.5 million.

Net income for the second quarter of 2023 was \$17.0 million, or \$2.47 per diluted share, compared to \$18.0 million, or \$2.48 per diluted share, in the year-ago quarter. The decrease is primarily attributable to lower favorable adjustments to workers’ compensation expense in the second quarter of 2023.

Liquidity

As of June 30, 2023, unrestricted cash and investments were \$133.0 million compared to \$159.7 million at the end of 2022. BBSI was debt free at quarter end.

Capital Allocation

BBSI's board of directors has confirmed its regular quarterly cash dividend of \$0.30 per share. The cash dividend will be paid on September 1, 2023, to all stockholders of record as of August 18, 2023.

Continuing under the Company's stock repurchase program established in February 2022, BBSI repurchased 123,361 shares at an average price of \$82.23 per share in the second quarter. At June 30, 2023, approximately \$9.7 million remained available under the repurchase program.

On July 31, 2023, BBSI's board of directors approved a new stock repurchase program authorizing the Company to purchase up to \$75 million of its stock over a two-year period. This new program replaces any remaining authority under the February 2022 program.

Outlook

BBSI now expects the following for 2023:

- Gross billings growth of 4% to 6%
- Growth in the average number of WSEs of 2% to 4%
- Gross margin as a percent of gross billings of 3.1% to 3.15%
- Effective annual tax rate of 27% to 28%

Key Performance Metrics

We report PEO revenues net of direct payroll costs because we are not the primary obligor for wage payments to our clients' employees. However, management believes that gross billings and wages are useful in understanding the volume of our business activity and serve as an important performance metric in managing our operations, including the preparation of internal operating forecasts and establishing executive compensation performance goals. We therefore present for purposes of analysis gross billings and wage information for the three and six months ended June 30, 2023 and 2022.

(in thousands)	(Unaudited) Three Months Ended June 30,		(Unaudited) Six Months Ended June 30,	
	2023	2022	2023	2022
	Gross billings	\$ 1,911,550	\$ 1,829,225	\$ 3,700,768
PEO and staffing wages	\$ 1,661,668	\$ 1,588,990	\$ 3,213,021	\$ 3,071,196

In monitoring and evaluating the performance of our operations, management also reviews the following ratios, which represent selected amounts as a percentage of gross billings. Management believes these ratios are useful in understanding the efficiency and profitability of our service offerings.

	(Unaudited) Percentage of Gross Billings Three Months Ended June 30,		(Unaudited) Percentage of Gross Billings Six Months Ended June 30,	
	2023	2022	2023	2022

Payroll taxes and benefits	7.0%	6.9%	7.5%	7.4%
Workers' compensation	2.6%	2.5%	2.7%	2.7%
Gross margin	3.5%	3.7%	2.9%	3.0%

We refer to employees of our PEO clients as WSEs. Management reviews average and ending WSE growth to monitor and evaluate the performance of our operations. Average WSEs are calculated by dividing the number of unique individuals paid in each month by the number of months in the period. Ending WSEs represents the number of unique individuals paid in the last month of the period.
