BBSI Reports Strong First Quarter 2022 Financial Results and Raises Full-Year Outlook

- Q1 2022 Net Income of \$0.3 Million, or \$0.04 per Diluted Share -

VANCOUVER, Washington, May 4, 2022 –Barrett Business Services, Inc. (“BBSI” or the “Company”) (NASDAQ: BBSI), a leading provider of business management solutions, reported financial results for the first quarter ended March 31, 2022.

First Quarter 2022 Financial Summary vs. Year-Ago Quarter

- Net revenues up 13% to \$246.4 million.
- Gross billings up 16% to \$1.71 billion.
- Average worksite employees (“WSEs”) up 9%.
- Net income of \$0.3 million, or \$0.04 per diluted share, compared to \$(4.6) million, or \$(0.60) per diluted share.

“The momentum experienced at the end of 2021 accelerated in the first quarter of 2022 with strong results in all areas of the business,” said BBSI President and CEO, Gary Kramer. “In fact, our results exceeded our expectations for new WSEs from client additions and client hiring, and we continue to see increases in average wages and billings per WSE. These positive results, coupled with favorable payroll tax and workers’ compensation experience, have allowed us to generate positive net income in a first quarter for the first time in ten years. Given these strong results, we are pleased to be raising our full-year outlook and look forward to a strong year ahead.”

First Quarter 2022 Financial Results

Net revenues in the first quarter of 2022 increased 13% to \$246.4 million compared to \$218.4 million in the first quarter of 2021.

Total gross billings in the first quarter increased 16% to \$1.71 billion compared to \$1.47 billion in the same year-ago quarter (see “Key Performance Metrics and Non-GAAP Financial Measures” below). The increase was driven by higher WSEs from net client additions and net client hiring, as well as from higher average billings per WSE.

Non-GAAP gross workers’ compensation expense as a percent of gross billings was 2.9% in the first quarter and benefited from a favorable adjustment of prior accident year liability of \$2.9 million. This compares to 3.2% in the first quarter of 2021.

Net income for the first quarter of 2022 was \$0.3 million, or \$0.04 per diluted share, compared to \$(4.6) million, or \$(0.60) per diluted share, in the year-ago quarter. The increase is primarily attributable to higher revenue, favorable payroll tax rates and lower workers’ compensation expense.

Liquidity

As of March 31, 2022, unrestricted cash and investments were \$127.4 million compared to \$166.2 million at the end of 2021. The decline was due to the timing of payroll tax payments, stock repurchases and the pay down of the Company’s mortgage and certain leases. BBSI is debt free at quarter end.

Capital Allocation

BBSI's board of directors has confirmed its regular quarterly cash dividend of \$0.30 per share. The cash dividend will be paid on June 3, 2022, to all stockholders of record as of May 20, 2022.

On February 28, 2022, BBSI's board of directors approved a new stock repurchase program authorizing the Company to purchase up to \$75 million of its stock over a two-year period. In the first quarter, BBSI repurchased 114,868 shares at an average price of \$74.65 per share, and through May 3rd, BBSI repurchased a total of 240,568 shares at an average price of \$74.80 per share.

Outlook

In light of the strong performance in the first quarter, BBSI is increasing its outlook for 2022 and now expects the following:

- Gross billings growth of 10% to 12%, increased from 7% to 9% in the prior outlook
- Growth in the average number of WSEs of 4% to 6%, increased from 3% to 4% in the prior outlook
- Gross margin as a percent of gross billings remains 3.0% to 3.1%
- Effective annual tax rate of 25% to 27%, increased from 24% to 25% in the prior outlook

Conference Call

BBSI will conduct a conference call on Wednesday, May 4, 2022, at 5:00 p.m. Eastern time (2:00 p.m. Pacific time) to discuss its financial results for the first quarter ended March 31, 2022.

Key Performance Metrics and Non-GAAP Financial Measures

We report PEO revenues net of direct payroll costs because we are not the primary obligor for wage payments to our clients' employees. However, management believes that gross billings and wages are useful in understanding the volume of our business activity and serve as an important performance metric in managing our operations, including the preparation of internal operating forecasts and establishing executive compensation performance goals. We therefore present for purposes of analysis gross billings and wage information for the three months ended March 31, 2022 and 2021.

(in thousands)	(Unaudited)	
	Three Months Ended March 31,	
	2022	2021
Gross billings	\$ 1,707,175	\$ 1,471,541
PEO and staffing wages	\$ 1,482,201	\$ 1,271,392

Because safety incentives represent consideration payable to PEO customers, safety incentive costs are netted against PEO revenue in our consolidated statements of operations. We therefore present below for purposes of analysis non-GAAP gross workers' compensation expense, which represents workers' compensation costs including safety incentive costs. We believe this non-GAAP measure is useful in evaluating the total costs of our workers' compensation program. In July 2020, the Company began limiting its safety incentive offering in certain markets, resulting in a substantial reduction in safety incentive costs.

	Three Months Ended March 31,	
	2022	2021
Workers' compensation	\$ 48,236	\$ 46,347
Safety incentive costs	516	1,075
Non-GAAP gross workers' compensation	\$ 48,752	\$ 47,422

In monitoring and evaluating the performance of our operations, management also reviews the following ratios, which represent selected amounts as a percentage of gross billings. Management believes these ratios are useful in understanding the efficiency and profitability of our service offerings.

	(Unaudited)	
	Percentage of Gross Billings	
	Three Months Ended March 31,	
	2022	2021
PEO and staffing wages	86.8%	86.4%
Payroll taxes and benefits	8.0%	8.3%
Non-GAAP gross workers' compensation	2.9%	3.2%
Gross margin	2.4%	2.1%

We refer to employees of our PEO clients as WSEs. Management reviews average and ending WSE growth to monitor and evaluate the performance of our operations. Average WSEs are calculated by dividing the number of unique individuals paid in each month by the number of months in the period. Ending WSEs represents the number of unique individuals paid in the last month of the period.
